PROGRAM

Students can request transfer credit for graduate course work taken at accredited institutions. These credits must have been taken in an appropriate graduate program related to your Fisher graduate program of study. Only courses with a grade of "B" or better will be considered and the course must have been taken within 7 years prior to beginning graduate study at Fisher. A maximum of 9 credits may be permitted as transfer credit. Courses taken at colleges operating under the quarter hour system will be accepted in transfer by calculating 2/3 of the quarter hour total. For example, 8 quarter hours = 5 semester hours. Credit earned by transfer will not be included in your Fisher cumulative Grade Point Average.

Official transcripts and course descriptions must accompany this form.
