Faculty recommendation form

Fast Track Recommendation for
Undergraduate students who want to take a graduate course

The following student__________________________ has petitioned to participate in the fast track program. In order to take the fast track courses, students must have a GPA of 3.3 or better and be able to successfully complete the expectations of a graduate course (earn a grade of B or better) while successfully completing their senior year courses, and preparing for NCLEX. Additionally, they should demonstrate both competence & professional behavior in both the clinical and classroom environments. Please complete this form by the end of the semester and submit to the Graduate Program Director.

1. Please state below in what capacity you know this student (class, clinical, advisor, etc)

2. Please check here ______ and comment below if you do recommend that this student be allowed to take a graduate course each semester of their senior year.

3. Please check here ______ comment below if you do not recommend that this student be allowed to take a graduate course each semester of their senior year.
