

# Pharmacy Petition for Graduate Courses

Office of the Registrar

(585) 385-8015

Students in the School of Pharmacy may petition to take Foundation and/or Core MBA (GMGT) graduate courses while enrolled in the Pharmacy program. To take an MBA course, the student must have completed at least 90 credits at St. John Fisher College and/or at another institution or have earned a baccalaureate degree.

Pharmacy Elective: A student may take two (2) GMGT courses (max 6 credits) as Pharmacy electives. These courses will appear on the Pharmacy transcript and count toward the degree requirements. Tuition for the GMGT courses taken as Pharmacy electives will be waived when this completed form has been processed by the Registrar and received in Student Accounts. Registration is on a space available basis.

Graduate Credit: A student may choose to take additional GMGT courses for graduate credit which will appear on a separate graduate level transcript. Tuition for any additional courses will be at the per credit hour graduate tuition rate. Because these additional credits do not apply to the Pharmacy degree, Federal financial aid cannot be used to cover this cost. It is recommended that the Financial Aid Office be consulted if borrowing needs exist.

Please indicate the MBA courses you wish to enroll in and how you request to have the credit applied:
